

Meeting schedule

The following table shows the proposed meeting dates for Working Party 5D following on WRC-15. Some adjustment of these dates might be required to accommodate availability of facilities at specific venues. Every effort will be made to keep these dates as listed. Please check the ITU website in case meeting details have changed (<http://www.itu.int/events/monthlyagenda.asp?lang=en>).

¹ The Circular Letter announcing this meeting should appropriately indicate the focus of the meeting as noted above, and further provide guidance that topics outside this scope would not be on the agenda of the meeting. It is also suggested that the Circular Letter should include a statement that indicates that contributions submitted to the ITU-R Secretariat that are not within the scope of Meeting #33 will not be attributed to WP 5D Meeting #33 and would administratively be attributed to WP 5D Meeting #34.

² The Circular Letter announcing this meeting should appropriately indicate the focus of the meeting as noted above, and further provide guidance that topics outside this scope would not be on the agenda of the meeting. It is also suggested that the Circular Letter should include a statement that indicates that contributions submitted to the ITU-R Secretariat that are not within the scope of Meeting #36bis will not be attributed to WP 5D Meeting #36bis and would administratively be attributed to WP 5D Meeting #37.
